

# WELCOME TO SHAMROCK NATION

We are excited to start practices for the 2018-2019 Shamrock All Star Competitive Season! As a reminder, athletes will be placed into LEVELS and will practice with all athletes placed on that level throughout the month of June. We may find while practicing these athletes in leveled groups, that an athlete possesses skills needed for a higher level team. We may also find that an athlete is overwhelmed and needs to move down a level. Practicing them in leveled practices for a few weeks will allow us to decide the best fit for each athlete, and the best combination for a successful team in this evolving industry. No level is completely set, and we will use our best judgement over this next month to assign teams based on a team's overall best "recipe for success". Please remember there are many, many factors that go into a team's dynamic, and tumbling is barely 10% of the overall scoresheet. Please trust the Shamrock staff to place your athletes in their appropriate level.

Below you will find the levels we will be starting with the first week of June. Please note the practice schedule and June's payments for each level. **Everyone must make June's tuition payment before they are allowed to attend the first practice.** Tiny Exhibition and Mini 1 Prep, your teams have been formed and will begin practicing with your full team the first week of June. \*\*All tuition rates and practice hours are subject to change/increase beginning in July or August.

## Tiny Exhibition:

Practice **Thursdays 4pm – 5pm** for June AND July - \$50/mo tuition – Must be paid before 1<sup>st</sup> practice on 6/7
